

17th January 2022

Dear Parent/Carers,

TKAT and its schools are fully committed to complying with the EU General Data Protection Regulation.

We have implemented an Information Governance Framework to ensure that we have the correct policies, procedures, publications and tools to be compliant.

Additionally, all of our staff have access to data protection and cyber security training.

At www.tkat.org/GDPR you will find each of our main privacy notices.

To meet the Department for Education testing guidance we need to issue all parents a privacy notice about what happens to test data that we have to submit. This can be found on this page under the Privacy notice for pupils tab.

If you have any questions or comments, please contact dataprotection@tkat.org and we will do our best to help you.

Kind regards

Mrs Cooper

Deputy head teacher
